* Degrees of Comparison:

There are three types of Degrees of Comparison.

Degree means "the rank or grade" given according to the quality.

They are: 1.) Positive Degree

2.) Comparative Degree

3.) Superlative Degree

① Positive Degree:

The positive Degree is an adjective in its simplest form. It is used to denote the mere existence of a same quality of what we speak about.

Ex: Ram's mango is sweet.

② Comparative Degree:

The comparative Degree of an adjective denotes the higher degree of the quality than the positive and is used when two things or two set of things are compared.

Ex: Hari's mango is sweeter than Rama's.

③ Superlative Degree:

The Superlative Degree of an adjective denotes the highest degree of a quality, and is used when more than two things are used.
